

LINK N LEARN SESSION

Overview

IRLA presents a panel of experienced practitioners to discuss the presentation, management and processes of claims in the legacy management environment.

Learning outcomes

At the conclusions of this course delegates will be able to:

- Identify and apply the essential elements of disease claims and consider key claim trends.
- Identify and recognise the key issues affecting (Re) Insurance claims along with key claim trends.
- Define and discuss the essential issues in asbestos litigation and how it affects the legacy market.
- Define and discuss the essential issues with abuse claims.
- Consider the key themes with developing risks in sports injuries and the potential for liabilities in the legacy market.

Speakers' biographies can be found on the event page of our website.
