

# **Monday 26th January**

Hotel check-in from 15:00.

# **Tuesday 27th January**

A mixture of panel sessions and speakers including;

# Session 1 – Intro and welcome from IRLA Bermuda and PwC – Legacy Market Overview

This will be a short session with PwC setting the scene on the 2025 Legacy Market Survey, inviting comments from selected markets.

# Session 2 – Strategic Viewpoint – Market Leadership in a Shifting Landscape

This panel will cover how 2025 unfolded, expectations ahead of FY 2025 results for the wider insurance/reinsurance market. This will be focused on the Bermuda and US markets, and expectations on US Casualty reserves. Also covering NLRO in the broader reinsurance capital market, inflation impact, rate decreases versus rate adequacy on recent underwriting years, asset sides pressures and impact on the balance sheet management.

#### **Session 3 – Promoting the Benefits – Sell Side Success**

This panel will showcase how the retrospective and legacy solutions market has delivered on specific case studies with cedants. This will consider current trends in reinsurance purchasing and considerations prior to coming to market. This will cover how brokers are thinking about US liabilities, how do we tap into the NA liabilities and bring to market. Cedants will be sharing their experiences and the mechanics of a transaction from embryonic to signing and closing.

#### **NETWORKING LUNCH**

# **Session 4 – Regulatory Landscape**

This panel will focus on the US and Bermuda regulatory landscape for non-life run-off, covering IBT legislation and Bermuda NLRO supervision.

## **Session 5 – Igniting the Future – Al Applied**

This session will discuss the current Al landscape, including use cases, how legacy is integrating Al into due diligence and claims management processes, and how it could be used in governance and investment functions.

# **Session 6 – Expanding Horizons**

This panel will look at the growth in the market in terms of new structures, including ILS and FEO solutions. How sophisticated carriers are using retrospective solutions proactively not reactively. What else is on the Horizon?

There will be a networking lunch and breaks throughout the day. The day closes with drinks and canapés.
